

Classic Garden Fish Birdbath and Bench

The Classic Fish Birdbath and Bench combine the timeless elegance of ancient Greek sculpture with today's high-quality materials and craftsmanship. Fish and water motifs—classic symbols of transformation and life—add a sense of movement and play to your garden. These outdoor amenities are silver-gray and beautifully crafted to have the look and feel of carved limestone. They are cast in glass-fiber-reinforced concrete, a contemporary material with exceptional strength and durability.

About the Artist

Foster Willey is a sculptor and public artist based in the Twin Cities of Minnesota. He has collaborated on many large-scale projects in the urban environment, including works for major cities, park systems, and transit stations. The recipient of numerous awards, Willey's sculptures exhibit a wide range of design and fabrication skills. His civic commissions can be found throughout Minnesota and the Midwest. See more at fosterwilley.com.

Stoneworks Architectural Precast/Cast Stone is a Cast Stone Institute Certified Plant. It is a premier manufacturer of custom architectural precast and cast stone in the U.S. and Canada.

CARE & MAINTENANCE

We take every precaution to ensure that our products arrive on-site in excellent condition. Each package is inspected multiple times and leaves our shop having met the highest possible standards.

Upon receipt of your order, please read enclosed instructions. Do not store long-term in packaging material, as packing strips and cardboard can leave marks.

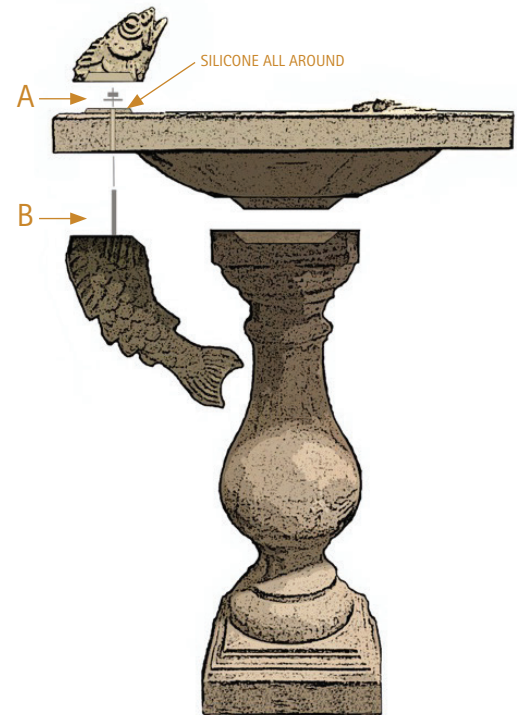

Please note some surface defects are inherent in the casting process and do not alter the structural integrity of the artwork.

The sculptures can be cleaned using a damp cloth. Avoid the use of pressure sprayers, power washers, and harsh chemicals.

All components are sealed with Prosoco SLX100 Water & Oil Repellent to prevent staining.

A coating of quality paste wax to the basin and fish annually is recommended for added surface protection and long life.

WARRANTY INFORMATION

Stoneworks Architectural Precast/Cast Stone warrants its products to be free from defects in materials and workmanship under normal use and service for a period of two (2) years from the original date of delivery.

This warranty does not cover claims for items that have been subject to mishandling, misuse, neglect, accident, vandalism or that have been modified or altered, or items that have been subject to maintenance practices other than those specified under Care & Maintenance (included here and with shipment).

Our warranty does not cover naturally occurring changes in concrete surfaces due to the environment.

Any observation of significant cracking that alters the structural integrity of a Stoneworks Architectural product should be reported to the company immediately. It is the responsibility of the purchaser to carefully examine, in the presence of the delivery driver, all products upon receipt of the order.

Photos of damaged items must be taken while the object is still attached to the pallet in order to be considered as valid evidence of mishandling by the carrier or as a consequence of inadequate packing by Stoneworks.

Replacement at the discretion of Stoneworks Architectural Precast/Cast Stone is the sole remedy of this warranty.

Failure to handle Stoneworks Architectural Precast/Cast Stone products in accordance with the recommendations listed in the Care & Maintenance document will void this warranty. Contact Stoneworks at (763) 633-2200 with questions.
